RE: Kristin Bennett

To Whom it May Concern:

I had the privilege of working with Kristin Bennett from 1997 – 2000 when she served as the Executive Director for Habitat for Humanity.

Kristen was one of the most dedicated team members of our United Way agency family. She was poised, compassionate and extremely articulate. To illustrate the impact of United Way donations, Kristen was frequently asked to be a speaker at United Way meetings.

Kristen had a way of touching the hearts of those who heard her speak. She told stories of people in desperate need who had been helped. She encouraged audiences to get involved and to give what they could. Her presentations were always effective.

I believe that Kristen would be an asset to any organization. She is family oriented, motivated, hard working, and compassionate. We miss her in our United Way family and wish her the best in future endeavors.

Sincerely,

Renee Parker  
Executive Director  
United Way of the Black Hills
