

HEALTHCARE HOSPITALITY NETWORK

'Nonprofit Resources has been an invaluable asset to HHN. Their depth of experience related to the non-profit sector has been essential as our Board seeks to create a lasting, sustainable financial model for our organization. In the short time we've been working with Nonprofit Resources, we've already taken huge strides in support of our strategic plan under their guidance and leadership. I feel confident now that HHN will be able to continue supporting our members for years to come.'
