## **Nonprofit Resources, LLC ACHIEVES AMC INSTITUTE ACCREDITATION**

Rapid City, SD  
November 24, 2021

Nonprofit Resources, LLC has been awarded accreditation by the AMC Institute, a global trade association representing the Association Management Company industry.

Nonprofit Resources President Kristin Bennett recognized the importance of each employee involved in the accreditation process. "Nonprofit Resources has improved our systems and procedures over the years, and this year we made accreditation a priority. Months of preparation represents a significant investment, and we are honored to be counted among the top 15% of AMCs worldwide. Accreditation indicates a team that works together for the good of the nonprofit, each other, and the AMC industry at large. We're very proud of this achievement!"

Among 500-plus Association Management Companies (AMCs) worldwide providing management services to nonprofits, only 81 have achieved AMC Institute Accreditation. These select few are considered the best of the best in their ability to deliver exceptional management services to nonprofits.

"We applaud Nonprofit Resources on this significant achievement," AMC Institute Chair Erin Fuller said. "AMC Institute accreditation requires that association management firms adhere to ethical best practices, as outlined in the AMC Institute Standard. Accreditation distinguishes Nonprofit Resources' ongoing commitment to leadership in association management."

AMC Institute Accreditation is recognized by ASAE & The Center for Association Leadership and is based on the ANSI Standard of Good Practices, which requires that the standard be updated regularly. Performance protocols measure contract and service delivery; employee recruitment, training and professional development, financial management and internal controls, among other management aspects. AMCs must be re-accredited every four years, demonstrating their ongoing commitment to meeting these high standards.

Nonprofit Resources serves a wide variety of nonprofits, both national and international. The company was founded in 2007 to provide nonprofits with fractional management solutions, from executive leadership, marketing, and event management to administrative support and technology solutions.
